

Onyx Series

Home Theatre Furniture Collection

From a combination of modern design and space age materials comes the Onyx series, Pro-Linear's newest collection of audio/video furniture. The black glass and silver posts are a perfect match to many of today's flat panel and rear projection televisions, and with so many sizes available, choosing new furniture for your entertainment center has never been this easy.

Onyx Series | Home Theatre Furniture Collection

All Onyx Series stands feature opaque black tempered glass, easy assembly, and wire management to hide cable clutter. Additionally, the rear corners of all Onyx series stands are cut at a 45 degree angle, allowing them to fit perfectly into room corners.
